Sir:

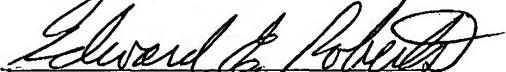

Enclosed is a utility patent application, as entitled above, by the identified applicants/inventors. Included is a specification of thirteen pages, five sheets of drawings, and a one page Declaration and Power of Attorney. Applicants claim Small Entity Status. Also enclosed are assignments by the applicants/inventors with associated cover sheet and assignee Statement Under 37 CFR 3.73(b). Further enclosed is a completed Form PTO 2038 in the amount of \$497.00 for payment of the filing fee (\$375.00), one independent claim in excess of three (\$42.00), and recordation of assignment by the two inventors (\$80.00).

Applicants and assignee respectfully request an *expedited Foreign Filing License* in order to timely file in foreign countries, such as Taiwan, prior to showing the product at an upcoming trade show that is very important for this type of product. Failure to obtain the expedited license and timely file appropriate foreign applications would establish a hardship as otherwise solicitation of orders or otherwise disclose the invention would be detrimentally prolonged.

Please send all communication in connection with this matter to the undersigned attorney for applicants and assignee at: P.O. Box 3206, Dana Point, California 92629. I hereby certify that this correspondence is being deposited with the United States Postal Service, postage prepaid, in Priority Mail addressed to: Mail Stop Patent Application, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on 01 August 2003.

Respectfully submitted and requested,

Dated: 01 August 2003
